RE: DISTRICT 78 - SCHOLARSHIP PROGRAM

Locals of District 78,

We are proud to announce the return of the IAM District 78 Scholarship Program for its second annual year. Following the successful launch in 2026, District 78 remains committed to giving back to our members and supporting the educational goals of their families. The program reflects our continued commitment to investing in the next generation and helping reduce the financial challenges associated with post-secondary education.

The scholarship program will continue to operate annually, with applications opening each fall and the successful recipient announced in the spring. For the second consecutive year, District 78 will award a **$2,500** scholarship to a successful applicant. We look forward to continuing this initiative and encouraging eligible members and their families to take advantage of the opportunity.

Applications for the second annual scholarship program will be accepted from **November 15, 2026, to January 15, 2027**. Following the application period, the Scholarship Board will review all submissions and select the successful recipient. The recipient will be announced at the District meeting in March and presented at June's meeting, in time to support their studies for the fall semester.

Please share this information with your membership by posting the letter on workplace bulletin boards, distributing it through union chat groups and email communications, or using any other available means. We ask each Local to help promote the program and ensure eligible members and their families are aware of the opportunity. Members can access the application information through the URL below or the QR code attached to this letter.
